The cost of offering this program is roughly \$800 per student. Funds for the program are generously provided by grants from agencies such as the Hormel Foundation and the United Way of Mower County allowing the Hormel Historic Home to offer the program at a greatly reduced rate.

The program fee is \$150 per participant. If you feel your child cannot attend All Access Community Explorations at this rate, you may request reduced tuition for the seminar to be held in July and August, 2018. Please indicate below the reason for the scholarship request and what amount is being requested. Scholarships may not be available to non-Mower County residents. Tax documents may be required to verify need.
